ALBUQUERQUE DAILY CITIZEN - 1896

INTRODUCTION:

The form for this index was developed to cover the major news items appearing in the newspaper -- births, deaths, marriages, interesting items -- and mainly to find ancestors who were thought to be in the area. This is an index of the names appearing in the article, and covers only those persons of either New Mexican origin or who participated or appeared in New Mexico.

In other words, news articles covering an event occurring outside New Mexico, but involving a New Mexican, are reported here; persons from some other state but participating in an event in New Mexico, also are included.

There are many newspapers in the state, and they shared news events. Many events and persons from around the state are included in the Albuquerque newspaper. Hotel arrivals in the Albuquerque major hotels were reported almost daily; therefore, an individual's name may appear many times throughout the year, but only a line stating that they were in town. U. S. Mail was sparsely delivered, and most mail was held at the General Delivery window of the post office. Weekly lists were published of persons having uncalled for mail, with the admonition to pick it up or it would be sent to the dead letter office. The compiler did not include every report such as this, or the work would have become unmanageable. Many mentions of prominent persons and politicians who were in the news quite often would have made this publication immense, and are not included unless the event could lead to other genealogical research.

FORMAT:

The index begins with the first mention of a person. Subsequent appearances are not indexed unless it changes the original information in some way. For example, _____HENRY would be noted for date and page first appearing. Later, an article would add that it was HOWARD HENRY, who resided in Albuquerque and was a court stenographer. That item is referenced. Later if HOWARD W. HENRY, a court stenographer from Albuquerque, visited his parents in Dodge City, KS, that item is referenced. The compiler attempted to reference each time a new item was added to identify the person or some special event in their life. If there wasn't much contained about that individual, the compiler indexed other dates that show some tidbit of information about their life or help prove the individual was still in that location. Any reference that would indicate relationships and home towns was definitely listed.

In an effort to aid identification, the compiler has included here the apparent residence of the party and the indicated occupation. Users are cautioned to check the source data and make these determinations for themselves, as there maybe some unintended error in interpretation.

The microfilm containing this newspaper is on file at the Special Collections Branch of the Albuquerque Public Library, 423 Central, N.E., Albuquerque, New Mexico, 87102 (505) 848-1376.

Many of the towns had long names and space was limited in the printout for that word. I have taken the liberty of abbreviating some town or village names, and a list of these appear in this preface.

We have attempted to save the researcher time and expense by indicating on some entries the topic. There was almost daily a list of the arrivals in town as shown in the Hotel Register and I have made the arbitrary designation of (H) to show that if you look in the paper, you will only find a name listed as having registered at a hotel. The same for letters uncalled for at the post office, since there was no mail delivery. Those names are just in a list and I have designated them as (L) for "letter".

FURTHER AIDS TO RESEARCH:

MAP: In an effort to help locate the many small towns, now ghost towns, listed as address's for our ancestors, I have prepared a map showing the approximate location of many of the towns in New Mexico in 1895. I hope you find it useful.

Your attention is called to a good resource for this time period in Albuquerque, that being the City Directory housed in the Special Collections Library. There you will find the Business Directory for 1883 and 1897; the City Directory for 1892, 1896, and 1899, and most years subsequent.

NOTE:

In September, 1892, suddenly the masthead of the newspaper started carrying the name, THE EVENING CITIZEN, but the ownership block on the succeeding pages never changed from The Daily Citizen. The newspaper index books for New Mexico newspapers continued to carry the name of The Daily Citizen as the name of the newspaper.
